OVERVIEW

The 155mm M109 series self-propelled medium howitzers are highly mobile systems that provide both direct (line-of-sight) and indirect (beyond line-of-sight) fire support to combat vehicles.

FOREIGN MILITARY SALES

Versions of the M109 self-propelled howitzers have been made available in the past for use by foreign nations. M109 systems classified as excess defense articles are available to foreign nations through foreign military sales cases.
