

Program Executive Office Ground Combat Systems

Mr. Robert McNeill Project Lead Capability Transition & Product Integration

Mr. Robert McNeill's 34-year Department of Defense career spans assignments from Satellite Operations to Command, Control, Communications, Computers, Intelligence, Surveillance and Reconnaissance (C4ISR) Systems Acquisitions in support of the Warfighter in OEF/OIF. He started his career in 1987 working for the United States Air Force, 50th Space Wing, and 21st Space Operations Squadron in Sunnyvale, CA. As Lead Satellite Operator he supported more than 350 satellite contacts daily while scheduling nine tracking stations around the world servicing more than 30 customers to include NSA/NRO, NOAA, DISA, DSA, and GPS. He transitioned from operations in 1997 to system integrations working for the 50th Space Wing, 22nd Space Operation Squadron Colorado Springs, CO as the Lead System Integrator in charge of integration/development of a multi-million dollar state of the art automated satellite information scheduling system with military contractors. In 2000 Mr. McNeill was reassigned back to the 50th Space Wing, 21st Space Operations Squadron as the Deputy Mission Support Officer in charge of Contracting, Civilian Personnel, Security Police, Civil Engineering, Logistic, System Integrations, FOIA, Transportation and Information Assurance.

In 2009 Mr. McNeill was selected as the Deputy Director of Program Executive Office Ground Combat System (PEO GCS) Program Manager Stryker Brigade Combat Team (SBC) C4ISR Integrations at the Detroit Arsenal, Warren Michigan. In this position he managed C4ISR systems/sub-systems integration/information assurance for current, future and operational needs in support of Stryker vehicle platforms. In 2005 Mr. McNeill was selected to PEO GCS Director of Network Integration, managing C4ISR platform integration across the PEO GCS portfolio. In 2019 Mr. McNeill took on the role Assistant PEO for System Engineering and Integration. He served in that position for the two years prior to assuming responsibility as Project Lead Capability Transition and Product Integration. His awards include a letter of accommodation from the President of the United States and a Superior Civilian Award.

Mr. McNeill has a Bachelors in Business Management from the University of Phoenix and is also Level III certified in Program Management and Information Systems.
