

# Program Executive Office Ground Combat Systems

**Mr. David J. Dopp Jr.**  
Project Lead  
Mobile Protected Firepower

Mr. David J. Dopp Jr assumed responsibility as the Project Lead for the Mobile Protected Firepower within PEO Ground Combat Systems, on 20 July 2017. As the Project Lead, he directs a diverse team of experienced and talented acquisition and engineering professionals in developing the United States Army's next generation Fighting Vehicle.

David Dopp joined federal service in 1984. His previous assignments include: OSD Pentagon, Project Manager Stryker Brigade Combat Team; Deputy Project Manager for Technology – Joint Combat Support Systems; Product Manager – Medium Tactical Vehicles; Project Engineer – Future Combat Systems; Engineering Division Chief – US/UK Future Scout and Cavalry System and Project Engineer - Tank Automotive Research Development and Engineering Command.

His major military education includes: the US Army War College, Army Management Staff College and Program Management at the Defense Acquisition University.

Mr. Dopp holds a Bachelor Degree of Science in Mechanical Engineering, a Master's in Business Administration, and a Master's in Strategic Studies. He is Acquisition Level III certified in Program Management, Test and Evaluation, and Systems Engineering.

Enabling Land Dominance for America's Warfighters
